H. K. MacQuarrie

FOR DISTRICT ATTORNEY Of Fayette County

H. K. MacQuarrie is a self-made man. He has worked hard for everything that has been his portion in life. He has overcome the obstacles in his path by his dogged determination to succeed, plus his tireless energy and close application to the tasks before him.

The common people know him as one of their own. They know the successive steps in his career which tell the story of his progress—FARMER BOY, BLACKSMITH, COLLEGIAN, LAWYER.

As a criminal lawyer Mr. MacQuarrie has won for himself a reputation of high standing at the local bar. Personally, he is a man of clean habits and honest, with a keen sense of duty. He believes in fair play and equal opportunity for all.

Mr. MacQuarrie is loyal to the Republican party. When all other parties combined last fall on D. M. Hertzog for the purpose of defeating the Republican candidate for the State Senate, he entered the lists, at the request of the party leaders, and vigorously stumped every nook of Fayette county.

If nominated and elected Mr. MacQuarrie promises to save the taxpayers from the burden of petty prosecutions. His opponent is now in the District Attorney's office. During the ten days of Criminal Court just closed 62 verdicts were returned. The District Attorney's office secured only 24 convictions and the Grand Jury ignored 35 cases. What he will do in the future can be judged only by what he is now doing. Mr. MacQuarrie promises to save the county large expenditures by the correction of these abuses and believes that this policy will meet with general approbation.

Mr. MacQuarrie's opponent for the nomination argues that because he is one of the assistants, he should be nominated. No precedent of that kind is known in Fayette county. Mr. S. Ray Shelby the present District Attorney and several others were not assistants before their selection.

The voters of Fayette county, who are so well acquainted with Mr. MacQuarrie, know that if he is nominated and elected, the county will be assured of an honest, fearless, economical and efficient administration of the District Attorney's office.

For County Commissioner Of Fayette County;

HUSTON S. WILLIAMS.

The office of county commissioner is one of the most important to the taxpayers of Fayette county. The office should be filled with men who not only know the needs of the people but also know how to safeguard the public treasury. The people of Fayette county are progressive and enterprising, but they are entitled to a careful, economical and business like administration of their affairs. I am a native of the county and have worked hard all my life and applied myself closely to business and conservative business methods. I am heartily in favor of improved public roads and in favor of giving each section and district of the county its fair share of county support. All taxpayers are entitled to equal and fair treatment and will receive it at my hands in case of my nomination and election. I have always been an active, loyal Republican and this is the first time I have ever asked for a county office. If nominated and elected I promise the taxpayers of Fayette county a clean, honest and efficient administration. This is my only pledge. Yours truly, HUSTON S. WILLIAMS. Fairbault, Pa., September 16, 1915.

HERE I AM For Commissioner of Fayette Co.

To You as Voters:

I am a candidate for County Commissioner, and feel sure that as one of the County Commissioners I can and will be of great assistance to you as taxpayers and especially to those of you who have a great amount of business in the Commissioner's office as borough and township officers such as Tax Collectors, Assessors, Road Supervisors, Justices of the Peace and Constables.

My acquaintance in general as to Roads and Bridges and Fair Valuations will be of a great aid to you.

Soliciting your vote and influence and thanking you kindly for the same, I am
Yours sincerely,

MONDAY EVENING, SEP. 20, 1915.

THE RIGHT MAN FOR JUDGE.

There may be reasonable doubts in the minds of many men as to the proper person to nominate for various offices, but there should be none with reference to the nomination of a candidate for judge of the Fayette county courts. The right man for the place is Judge Edmund H. Reppert.

In point of character and fitness he stands first among the candidates, a fact which even his opponents concede. Personally he is a clean man; politically, his career is free from scandal.

In his knowledge of the law and his ability to apply it, he more than measures up to the requirements of the judicial position. He served ten years on the bench with credit to himself and satisfaction to the people. He possesses the judicial temperament in a happy degree.

In his decisions there is no taint of prejudice or partisanship. They breathe the spirit of justice because they reflect an impartial and unswerving personal integrity.

It is such men as these who maintain the fountain of justice pure and undefiled.

Fayette county needs Judge Reppert on the bench far more than it needs the office, and HIS NOMINATION AT THE PRIMARY TOMORROW SHOULD BE SO OVERWHELMING THAT HIS NAME WILL BE THE ONLY ONE ON THE BALLOT IN NOVEMBER.

PHANTOM CHASING.

The famous Fayette County Democratic Phantom Chasing Combine existed in Connelville, Pa., last week. This Great Moral Show is an annual occurrence about election time. It is intended to prove that the Republican organization is a sink of iniquity designed to corrupt the politics of the county. Unfortunately this array of sheeted ghosts conjured up by finger master Higgins and the combination always prove insubstantial. In the sunlight of truth they fade away. But Congressman Higgins is persistent, and besides he is a candidate himself this year with voters of success common to all candidates, hence to find him walking with the ghost again, he publishes in his personal organ, the Connelville News, the names of 165 persons whom he declares were registered in Connelville on the final days of registration on "tax receipts" obtained a few days previously, the taxes having been assessed against them by order of the County Commissioners on information. It is claimed, of Republican machine politicians of Connelville.

The News, in an editorial said to have been dictated if not written by President Higgins, denounces the proceeding as an attempt at fraud. The Uniontown Democratic organ joins in the refrain. The increased Republican registration in Connelville is attributed to "phantoms" and threatens out the county the report is spread broadcast that the Republican organization has been practicing fraud.

Of the 165 persons declared to have been falsely registered in Connelville 77 are not found on the books. The 88 who are there, and who are denominated as "phantoms," "bums" and "traveling tourists," are found upon critical examination to be composed of a number of young voters with quite a few older ones of prominence. Most of them are well known in the community. Their names are elsewhere printed.

It is a common occurrence for assessments to be put down the names of all the taxpayers in the ward or township, especially those who have recently moved in, and it is customary for political workers to look this matter up and have the names added and the taxes assessed. One of the chief purposes of this political organization is to see that the party vote is qualified, and being qualified to see that it is cast on election day. It is sometimes necessary to see that it is counted, but not in this section of the country.

In pursuance of its duties in this regard the Republican organization in Connelville discovered that for various reasons taxes had not been assessed against the persons whose names are mentioned. No time was lost in procuring the assessment and rounding up the lost sheep.

The cry of Phantom was one to be looked upon with suspicion. The act of registration is so simple that it would be practically impossible to enroll such an array of fraudulent voters without the connivance of the Democratic registrars, and the insinuation that they were either gullible or guilty is a serious reflection upon some very worthy Democrats with which it is likely to be resented. The Ghost Dance was a great show while it lasted.

A POOR SUBSTITUTE.

"The Democrats do not have a candidate of their own for judge this year. But they have a chance to vote against the man who most benefited from the theft of their representation on the bench."

The foregoing is from the Connelville News. Similar suggestions have been made in the Uniontown Standard. The Democratic organs of Fayette county are trying to lead the voters of this year to believe that this is a non-partisan election for a non-partisan office and there-

fore Democrats are justified in supporting a Prohibitionist.

There are a great many Democrats who will not be fooled by any simple stuff like this. It is well understood why the Democratic organization has no candidate in the field for judge. No Democratic attorney could be found to run against Judge Reppert. The Democratic attorneys doubtless felt that if vindication were demanded for any "theft of their representation on the bench" there was but one man to demand it, namely, the victim of that alleged theft.

A Prohibition candidate is a mighty poor substitute.

THE PITTSBURG RADIUS.
It is natural for the Connelville coke operators to want the Pittsburgh coal rate, and it just as natural for the railroads to object to widening the already ample zone known as the Pittsburgh radius.

As originally designed this Pittsburgh freight district was known as the 40-mile radius, and was so named because it stopped at the 40-mile limit. It was marked upon the commercial map long before the Interstate Commerce Commission engaged in the business of railroad management. In their strenuous efforts to build up a Greater Connelville the citizens of this city strove earnestly and diligently to get into the Pittsburgh radius, but without success. It was reserved for an enterprising Washington county coal operator whose mine is located near Brownsville to insist upon being placed within the charmed circle, and being refused to break his way in through the medium of the Interstate Commerce Commission.

The 40-mile radius was thereby increased to about 50 miles and brought right to the door of the Connelville coke region. With the radius and the rate just across the threshold, it is not at all strange that the Connelville coke operators should make up their minds that they were being discriminated against. They recalled that for 20 years they have paid liberal rates on their finished product, and they expected their claim to be strengthened by this fact, forgetting that the waters that have passed never come back.

It is understood that the Connelville operators are not pressing their case so earnestly just now because of the increased price of coke and the bright prospects of still higher prices. However, a new factor has appeared which may galvanize the coal rate case into new life. The by-product ovens recently erected at points hitherto supplied with Connelville coke, notably at Youngstown, O., are buying Connelville coal for the purpose of charging their ovens. If this industry develops, the Connelville operators will have all the more eagerly upon being placed within the magic circle known as the Pittsburgh radius, unless the railroads find means to make a special rate on Connelville coal to Valley points, Cleveland district and Eastern Ohio.

When the proposed coal proposition is fully discussed, especially in furnace circles, where it is held as a club over the merchant coke operator of the Connelville region, and it behooves the latter to lose not a single tick in the game.

GOOD ROADS AND BAD POLITICS.

The News failed rather disastrously in its attempt to make political capital out of the action of the grand jury in the matter of road improvement in this section of the county. Two of the County Commissioners appeared at the meeting and pointed out that the Commissioners had approved the roads and passed them on to the grand jury. They declared that the action of the latter body was as great a surprise to them as it was to anybody else.

The meeting refused to make special charges against anybody in this connection, but contented itself with some vague insinuations. It would have been more to the point, we think, to have vigorously condemned the grand jury. This body is directly and undeniably responsible for its own action. It does not appear that it was unduly influenced by anybody else, and if any of its members were to have been vigorously condemned, it would not be the grand jury, but the man who was the cause of its action.

The Good Roads association of Northern Fayette county should inquire less and hustle more. It should take it for granted that the December grand jury will approve these roads. Its members should begin an active campaign of education right now and continue it unceasingly until the next grand jury shall have given its approval where the last one withheld it.

After the election the Democratic organs and politicians will be ready to agree that the sinister influence now ascribed to Republican sources are mere phantoms.

WONDERFUL INVENTIONS.

The announcement that a by-product coke plant will be built in Connelville suggests the fact that it will be a complete unit if equipped with a coal mine of its own, but since the chief product is coal tar and the ammonia which are manufactured from it, the coke and gas and other results being classed as by-products, one wonders why the manufacturers do not at least build their own manufacturing plant first and endeavor to operate with coal tar purchased from the by-product plants now in operation and building. Tar has hitherto been something of a drug upon the market. The by-product oven is a wonderful invention, and there are some wonderful inventions concerning it.

An Everton candidate for County Commissioner breaks into poetry in making his announcement. The Commissioner's office is in need of business men not poets.

Mountain Climbing

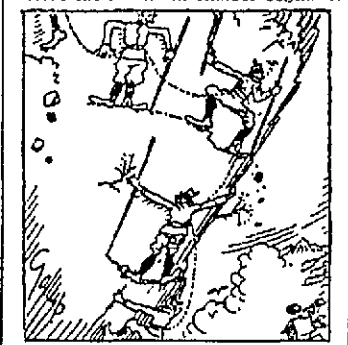

By GEORGE FITCH.

Author of "At Good Old Swallow."

Mountain climbing is a method of playing tag with gravitation which is very popular with men who are tired of keeping up life insurance payments. It was invented as a sport in Switzerland and is more expensive than golf or Kelly Pool. Class A mountain climbing costs \$50 a day exclusive of the undertaker's charges.

Mountain climbing is very difficult to learn, like aviation, because the man who makes a mistake does not often get a second chance. But when the soul has become proficient he forgets it beyond all other sports and is not happy unless he is holding a mountain peak in both arms and whirling it away slowly aloft regardless of telegrams.

When a mountain climber feels the it coming on, he selects a tall, mossy rock which has just been tampered with for some time. He then engages half a dozen guides and ties himself to them with a strong rope. He then plants at 2 A. M. and after a light breakfast of coffee, rolls and frost bits, he waits seven miles in the snow to a point where the mountain rises straight up. Here the mountain climber begins to

Playing Tag With Gravitation.

enjoy himself. Sticking a finger in one crack and a toe in another he works slowly aloft, now and then holding on with his neck and ears, and feasting on the scenery below.

There is always plenty of scenery for the mountain climber. He can stop at any time and look down a mile or two. It is a great comfort to him to know that if he drops his finger all he has to do is to let go and he will land beside it in a few minutes.

After the mountain climber has crawled up 15,000 feet of snow and ice, has hung over Europe by a rope a few times and has worn off his finger ends scratching telegrams, in the frantic struggle of the peak, he touches the summit. After this he has no interest in the mountain and leaves it right away. Some climbers thoughtlessly remove a hand from the mountain to scratch an ear and reach the bottom in almost no time, but this is considered bad form.

Mountain climbing is more fatal than aviation, but not as dangerous as deer hunting in Wisconsin. It is also a much safer sport because the mountain has some chance.

Canning Season In Full Blast

The Union Supply Company stores are carrying very extensive lines of seasonable fruits. Just now, Peaches, Plums, Grapes, Pears, Apples and Quinces have the call. The fruit we are selling is most all native—raised right in the vicinity of our stores; the quality is high class, the prices very low.

Season for Canning Vegetables

The canning season for vegetables is also in full blast; Tomatoes, Corn, Beets, Beans and other varieties that are used for canning; cucumbers of all sorts for pickling. These goods are all home grown, many of them grown in the gardens right on the plants, others from the farmers in the vicinity. The quality is high class, the prices are low. It is a good time to provide winter supplies.

Canning Equipment

Mason jars, and all other styles of glass jars; tin cans, and all the equipment for putting these goods up, we have in stock and are selling at very reasonable prices. It is to your interest to buy from the Union Supply Company.

FALL PRIMARIES ABSORB TOWN

Political Hot Stilling and Election
Mood Get Ready to Get It Off the
Coals and What Candidates
Are in the Soup; Mill Town News.

Special to The Courier.
SCOTTSBURGH, Sept. 20.—The high
water mark in numbers present was
noticeable in the Sunday schools, pre-
paring for the Westernland County
Sunday School Association conven-
tion in this place on Thursday and
Friday. Intense interest in begin-
ning to manifest itself among the peo-
ple of town who are awakening to
the fact that this convention will
 eclipse anything of a convention na-
ture ever seen in Scottdale. Every
church is making it a point to en-
deavor to have as large a representa-
tion as possible at the various ses-
sions of the convention, the churches
are having their people entertain
delegates, and several have the duty
of providing dinner for the delegates.
The smaller boys of the Sunday
schools are being impressed into ser-
vice as guides and messengers to
assist and direct delegates to the
houses where they are to be enter-
tained.

The Boy's Congress one day of the
convention was the topic in the Sun-
day school classes whose members
are of ages ranging from 15 to 21
years. It is certain that in every
way that this will be one of the big-
gest things of the year.

The Organized Adult Bible Classes
are preparing for a great demonstra-
tion. On Saturday afternoon Bible
classes throughout the county had
sent word of the numbers they ex-
pected to have here. The number
totaled 1,353 people. It is significant
that this was before the Sunday ses-
sion in which many churches had
the decision of the number they ex-
pected to attend. This part of the
attendance will run away over 2,000.
It is estimated that all parts of the
county, and besides that will be the
membership of all the Adult Bible
classes in town.

Don't forget Herkey H. Boyd, the
Scottdale candidate for Republican
county commissioner tomorrow. Vote
for him and good roads here.—Adv.

THE PRIMARIES.
Scottdale is seething today with
the hot politics and the politics of
the political hot just before it will be
taken off the fire at the primaries to-
morrow, and to be put on the fire
again. What has happened in the
past few weeks, when characters were
curled, and in some cases old friends
were introduced to the county. It is
interesting to note that the names do
not begin with the same letter.
The election boards are taking a
long breath before embarking on the
long job, which will be a late one
this year. None of them will get
through before midnight, unless
everything goes very well and very
smoothly when the count begins.
Having two home candidates for
county offices, the Republicans have
of votes everything a little more of
interest than usual and the friends
of the candidates are busy in their
beliefs, so that they will each get a
good home vote. The home fellows
are J. M. Thomsen, who applies to
the nomination for sheriff of the
county, and Herkey H. Boyd who is
a candidate for one of the two
Republican nominations for the
office of county commissioner, which
has more or less of vital inter-
est down about this place where
there are people are making strenuous
efforts to get some of the good roads
that have heretofore been built
other parts of the county. There is
little interest in borough offices,
there being no party contests.

The first ward folks will vote at
the borough building, the second
ward ones at the home house, the
third ward in the basement of the
First National Bank Building, and
the fourth ward at the fire house.

THE EIGHTY-FIRST CONCERT.
The eighty-first concert by the
Grand Army Band will be given at
Loucks Park Tuesday evening at 8
o'clock. The following is the pro-
gram: March, "The Star of the West";
Wagner's overture, "Tannhauser";
Supper; selection, "Bohemian
Girl"; Dance; Spanish Serenade,
"La Paloma"; Trailing melody "Bells
of the Valley"; "The Star of the West";
March, "The Star of the West";
March, "The Star of the West";
Chambers. The next concert will be
Tuesday, September 23.

Primary Election Announcements. FOR DISTRICT ATTORNEY

S. JOHN MORROW

"Among the various political candidates in Fayette county, Pa., S. John
Morrow stands out prominently. He is a candidate for district attorney of
the county and his friends are confident that he will be a winner both at the
primaries and at the election.

"Mr. Morrow is one of the most popular citizens in Fayette county; he
has earned his popularity by ability, honesty and his useful work in the in-
terests of the public good.

"He is an able lawyer, has an excellent knowledge of court procedure and
is fearless in advocating his true convictions.

"Mr. Morrow has made a record at the bar of Fayette county that has
been marked with success and has gained the admiration of prominent men
in the legal profession.

"He is particularly a friend of labor and has ever been an advocate of
the just claims of wage workers. If elected, wage workers can rely on having
a real 'square deal' so far as the district attorney's office may be concerned.

"If ever a man had an impartial mind in performing his official duties,
Mr. Morrow can be relied on in this respect. His sympathies are not permi-
tted to control his judgment and he will follow the light of evidence on matter
who may suffer, be they rich or poor. This is the kind of man the people de-
sire in the important office of district attorney.

"As assistant district attorney Mr. Morrow has made a record that should
commend his candidacy to all the residents of the county. His success in the
trial of important cases, civil and criminal, demonstrates his ability to give
the public efficient service."—From the Labor World.

MAY BUILD LINE

Western Maryland Said to Contem-
plate Extension to Jenner Field.

Information from an official source
is to the effect that the Western
Maryland will put a force of men to
work soon on the construction of a
branch road from a point near Glade
Hill to the Jenner coal field. A
traffic arrangement has already been
made with the Baltimore & Ohio
railroad for a connecting switch with
the Western Maryland at this point,
on the south side of the Casselman
river opposite the Baltimore & Ohio
station at Rockwood.

The Western Maryland will then use
its own crews to haul the coal from the
Consolidation. Coal Company's mines
as there is a possibility that shipping
yards and a roundhouse may be built
at Rockwood where a large amount
of round already is in possession of
the company.

HIGH SCHOOL WINS OPENING GAME OF FOOTBALL SEASON

Defeats the First North
Union Team by 18-0
Score.

THE BOYS SHOW UP VERY WELL

Prospects Are Bright for Successful
Gridiron Season Under the Leadership
of Coach H. M. Springer; Some
Good Material Is Being Developed.

The Conneltsville High School opened its football season Saturday afternoon by defeating North Union high at Fayette field 18-0. The day was warm for football but a breeze blew across the field and cooled the air somewhat. Although Conneltsville won by an 18-0 score, more touchdowns should have been made. More practice will develop this quality.

Many of the weak points of the team were discovered, especially in the shifting and these plays will be practiced in order to perfect them. Some of the backfield were slow in shifting but nice gains were made around the ends and through the line. Dugan showed up well and twice rushed the ball to within a few feet of the goal.

When the game first opened Conneltsville got the ball on downs but rushed the ball to within a few feet of the goal. Here they lost it however but Murray recovered when North Union kicked. Again the lighter team held the ball for downs but Miller recovered the ball this time. After changing hands a few more times, Sneak, Dugan and Marietta carried the ball to within 10 yards of the goal. Sneak at the beginning of the second quarter easily went through the backfield and held on end. Captain Sneak did not start the second half but was in the game before the quarter ended. Dugan kicked off and made a nice hole. North Union attempted a forward pass but Butler more intercepted it. The ball was lost on a fumble. Then again North Union attempted a forward pass which was caught by Buttermore. Dugan and Sneak then proceeded to take the ball up the field for the third touchdown. Sneak taking the ball across the line. He failed at the goal kick.

On the next kickoff North Union lost on downs and Conneltsville took the ball. Sneak made a 10 yard run around left end. Horner fumbled and then North Union again attempted a forward pass. This time the ball was caught by Sneak and a 20 yard gain was made. Conneltsville held the ball for the fourth time. Sneak took the ball in the middle of the field.

Conneltsville does not have a game for next Saturday as there is no way of making expenses except by selling tags and even then some of the students of the school do not buy them. If the fence can be erected good teams will be brought here but otherwise the school cannot take a chance of running in the fall. Wayneburg is here October 2, and should take a large crowd, only there would be no gate receipts without a fence. The house has not been transferred from the Baltimore & Ohio yet so the fence would be put up.

The Scuttsdale eleven was in force at Saturday's game and took in Conneltsville's play. Last year the game was lost through having Scuttsdale boys at practice and they are loudly warned when they show up on the gridiron this year. Conneltsville opens the season with them at Scuttsdale in two weeks.

Saturday's contest only served to show up the weak points of the team and Coach H. M. Springer will put the eleven through a hard practice next week. He should have a winning team with the material on hand. The lineup:

NORTH UNION, CONNELLSVILLE
Assaultor left end Butler
Lambert left half Marietta
Clement left guard Davidson
Busch center Meyer
Pastorius right guard LaRue
Johnson right tackle Porter

Price right end Durr
Tolan quarterback Miller
Williams right half Dugan
Kopchek left half Marietta
H. Hunt fullback Sneak
Touchdowns—Sneak 2, Miller. Substitutions—Conneltsville, Carson for Martray, Cox for Meyer, Still for Lambart, Buttermore for Sneak, Sneak for Buttermore, McCormick for Davidson, Horner for Marietta, North Union, Talbot for Kopchek, Kopchek for Clement, Ruddy for Price, Johnson for Hunt, Alton for Johnson, Alton for Johnson, Johnson for Alton, Price for Ruddy, Referee—Herwick, Umpire—Smith, Timer—Grossman, Head Lineupman—Scott.

DUCKPIN SEASON OPENS

First Game of O. & W. League to be
Held Tonight.

The O. & W. Duckpin League will open its season tonight on the Opperman & Wilson alley. Six teams will compete. Specials, Captain E. Opperman; Metropolitans, Captain Beck; Colonials, Captain C. Payne; Knights, Captain A. Williams; Windows, Captain Fred. Three matches will be played a week.

The season will end April 21. A complete season schedule will be published in a later issue of The Courier.

TROTTER WINS

Takes Its Second Games in Lynch
Cup Series.

Trotter won a second game in the Lynch Cup series when Lambert was defeated 3-1 by the effective pitching of Frazier. By winning the contest Saturday Trotter changed places with United and occupied one of the bottom lying with Lambert for third place. The game was called after the seventh inning on account of darkness. The Trotter team played good ball showing up well in both batting and fielding.

United loses.
United was again defeated Saturday by the Marguerite nine, 3-2. Added to the series of defeats that has already followed the team through the season, two more players were added to the crippled list. In the first inning of the game, Captain Farrell had his thumb split open by a hard hit ball. Jack Eaton, one of the best all round players on the team, had his shoulder bone broken when sliding into second.

Several substitutions were made in the second half, putting Buttermore in the backfield and Herd on end. Captain Sneak did not start the second half but was in the game before the quarter ended. Dugan kicked off and made a nice hole. North Union attempted a forward pass but Butler more intercepted it. The ball was lost on a fumble. Then again North Union attempted a forward pass which was caught by Buttermore. Dugan and Sneak then proceeded to take the ball up the field for the third touchdown. "PHANTOMS" EXIST ONLY IN MINDS OF SCARED DEMOCRATS

Continued from Page One.
Ed failed to register, but friends saw to it that he was assessed and able to produce a tax receipt. Gallacher has a broken leg. He was injured in the South Arch street trolley accident of more than a month ago. He is an athlete of the type that is fast elevating the boxing game. He may shine as a shadow boxer, but he's no Phantom. They say he can vouch for that.

Dr. S. C. Truby is also included. Dr. Truby recently moved to West Side, having previously been located near Brimstone Corner. Of course, if only barbers and retired school teachers are going to be permitted to qualify, the doctor will have to step down, but the Hicker-McGinnis faction is skidding instead of climbing in the political contest, so more men who work more than five days a week won't be disfranchised just yet.

These are only a few instances. But others could be cited. "Fred What is one. What is a Socialist, and would certainly be the first to resent the imputation that he is the tool of any political machine. Most of the 58 are respectable, but so is everybody else this year. More than a thousand voters expressed the desire to receive the Republican ballot at the coming primary. If all the 58 (not 165) branded as Phantoms were stricken off the list, the Republicans would not need to lose sleep over the outcome.

Careful consideration of the facts will quickly dispel any suspicions of a padded registration here. From the names selected at random in the list of Phantoms it can be seen that there are no grounds for the accusation of fraud. The proposition is absurd on the face of it. These men had to be registered to vote. They had to qualify, under oath, as to their right to vote. The Democrats have a registrar in every ward. That 165 or 58 undesirable could register as the "official organ" attempts to show, it is a sad reflection upon the intelligence of the Democratic voters.

Stunned in a nutshell, the Phantom scare amounts to this: Eighty-eight voters were not assessed, and, therefore, could not obtain tax receipts required by law as a qualification to vote. The law provides that the county commissioners may make assessments overlooked or neglected by the ward assessors. This was done. The county tax collector was notified that the men had been assessed, and was authorized to issue tax receipts upon payment of the amounts specified. These paid their county tax and qualified by registering.

Some stress has been laid on the fact that most of these men are getting a vote on the payment of only 55 cents in taxes. A majority of the voters presented tax receipts for not more than that. The law requires as a voting qualification only the payment of state and county tax. Men who pay large taxes frequently present only their county receipt, usually for a small sum. Substantial citizens, too, often pay their county tax in order to vote, and settle other taxes at their convenience.

"Good citizens who have the interest of the community at heart need not have as great a fear of the Phantoms as some of our fellow citizens who are so respectable that they complain 3-4 days in the year about what rotten men get into office and then forget to vote election day," a candidate emphatically remarked, in discussing the matter.

ELECTION OFFICERS

Appointments Are Made by Court on
Even of the Primary.
Special to The Courier.

UNIONTOWN, Sept. 20.—On the eve of the primary, Judges J. Q. Van Swearingen and E. H. Hopper made several appointments of inspectors of elections. M. R. Cochran was appointed minority inspector of elections in the Sixth ward, Conneltsville, vice George Armstrong. Coined. C. Stinson, Jr., was appointed minority inspector in the Third ward, Conneltsville to fill the unexpired term of F. D. Munson, who has resigned.

Thomas Cook of the Second ward, Uniontown, is the new majority inspector of election, taking the place of Herbert Edwards. John P. Goodwin of Georges township No. 3, was appointed majority inspector, vice Clayton Goodwin, who has resigned. Charles L. Stinson of Musontown borough, received the appointment for majority inspector of elections, in place of Louis R. Haege, who has moved.

CIRCUS PARADE ROUTE

Big Show Coming to Conneltsville
Tomorrow.

The advance guard of Barnum & Bailey's circus, which shows in Conneltsville tomorrow, arrived here today. The parade route was announced as follows: Down Fayette to Pittsburg, south on Pittsburg to Apple, down Apple to Arch, out Arch to Main, up Main to Pittsburg and return to the show grounds at Fayette field.

The first section of the show will arrive from McKeesport over the Pittsburg & Lake Erie Railroad at about 2 o'clock. The entire circus paraphernalia will be cut from the railroad yards on West Main street, via Brimstone Corner to Fayette field.

The show carries 78 cars. It will load again at the Pittsburg & Lake Erie yards, but will be transferred to the Pennsylvania Railroad and taken to Charleroi.

COOLER WEATHER COMING

Storm Central Today Over the Great
Lake Region.

By Associated Press.
WASHINGTON, Sept. 20.—Cooler weather in the East is predicted by the Weather Bureau to follow in the wake of a storm, central this morning over Lake Superior.

Storm warnings were ordered up for Lake Huron, Eastern Lake Superior and all Lake Michigan except the southern portion. The Ohio Valley region are expected to follow the storm which probably will pass out to sea through the St. Lawrence Valley.

Bulletins Are Reprinted.

Because clerks in the Westmoreland county commissioners' office neglected to include the address of candidates, 55,000 non-partisan bulletins had to be reprinted. The law of 1913 requires that the addresses of all non-partisan candidates must follow their names.

Attending Convention.
W. W. Edle, illuminating engineer for the West Penn. left last night for Washington to attend the convention of the Illuminating Engineering Society which opened at the New Willard Hotel today.

Son Born to Hupleys.
Mr. and Mrs. L. A. Hupley, of Williams road are receiving congratulations upon the birth of a son which arrived Tuesday at the Hupley home.

Small Crowd of Bathers.
A small crowd braved the cold water and took a plunge in the Yough at South Conneltsville's beach yesterday afternoon.

River Rising Again.
After falling to an 80 foot stage last week, the Yough has risen until a 3.56 mark was reached this morning.

MAKE GOOD PROGRESS

South Pittsburg street paving party completed.

South Pittsburg street between the end of the old paving and Davidson avenue has been paved and it was thrown open for use Saturday evening. Brooker & Cornish, the contractors, are ready to go ahead with the paving from Davidson avenue south to the Trump Iron bridge as soon as shipments of slag arrive. The concrete curb is set to this point and the crushed stone base has been rolled. Beyond the bridge the curb is not all constructed and there is much of the other preliminary work still to be completed.

Brooker & Cornish will not start work on Cottage avenue, between Main and Apple streets, until they can move most of their force from South Pittsburg street. Then this comparatively small job will be rushed through with all possible dispatch.

Residents along Isabella Road claim that Contractor Hermann McConne is not making as good progress as they would like to see.

Accessability

The accessibility of our officers when you desire to consult them at any time during business hours, is evidence of our earnest desire to make banking transactions pleasant and satisfactory.

Checking accounts are invited.

LONG WAY FROM HOME.

Little Italian Boy Loses Himself on South Side.

A little Italian boy, only three years old, trotted away from his home in Dutch Bottom yesterday morning and reached the corner of Pittsburg and Green streets before he discovered he did not know the road back.

The boy was taken care of by kind-hearted residents of the South Side and Patrolman Frank Gano took him home.

RULES MAD DOG.

Patrolman Dispatches Animal on Morrell Avenue.

Patrolman Frank Gano was called to Morrell avenue yesterday afternoon by residents who became alarmed at the actions of a supposed mad dog. The patrolman soon found the animal and killed it.

The dog was a small black one. It was carried away to its last resting place at the garbage furnace.

At the Theatres

SOISSON THEATRE

"MABLE'S BUSY DAY."—The popular comedian, Charles Chaplin, comes to the Soisson Theatre today in the screaming comedy, "Mable's Busy Day." It is a delightful farce with many humorous situations. Grace Comand and Francis Ford appear also today in the favorite serial, "The Broken Coin." This splendid play has been extended to twenty-two episodes. "Lizzie and the Beauty Contest" is without doubt the funniest thing that ever escaped from a picture studio. It is a two reel New York comedy and has Eddie Lyons, Lee Moran and Victoria Ford in the cast. The Victor drama, "The Vagabond," has M. K. Wilson and Violet McMillan in the cast. It is a powerful play of a man's love. The distinguished Weekly comes today and has many interesting subjects. Tomorrow, the charming actress, Betty Nansen, will appear in the beautiful play, "The House of Temperley." It is in three parts and an excellent play.

COLONIAL THEATRE

"CHIMMIE FADDEN."—I'm getting to be the worst sort of a picture fan," says Victor Moore, who makes his second appearance as a picture star in "Chimmie Fadden," under the management of the Ladies' Feature Play Company, at the Colonial tomorrow. "Before I tried picture acting myself I never gave the subject much attention, though I used to drop into some good phonograph theatre now and then, especially when on tour outside of New York. But the moment I began to pose for my first picture, 'Mabel,' I began to wonder what it would look like on the screen, and that's how I got the fever, first to see myself on the screen and then to see other people I had known under the same conditions. I believe that the interest in photoplays is just about as wonderful as the photoplays themselves. Now I've come to be a regular booster for the film and interested through and through. Victor Moore in 'Chimmie Fadden' is certainly going to please every one who sees him at the Colonial Theatre tomorrow. Kiferle and the Ladies' Feature News will be the other attractions.

THE GLOBE

"JAZZBO'S CONQUEST."—Neil Crisp, the charming Broadway star, is appearing today in "Jazzbo's Conquest," a two act drama of absorbing interest. "The Man and His Master," with Louise Vale, a two act Biograph drama, "Sunny Jim at the Mardi Gras," a Vitagraph comedy, presenting Mabel Kelly, a screen favorite, and "The Tear on the Page," a Biograph drama, are also included. Tomorrow Carlisle Blackwell will be seen in "The Man Who Could Not Love," a powerful Famous Players drama in five acts.

MEYERSDALE

MEYERSDALE, Sept. 19.—The fourteenth annual fair and races of the Meyersdale Fair & Race Association, will begin next Tuesday and continue for four days, September 21, 22, 23 and 24. From all indications this promises to be the best ever held in Meyersdale. The exhibits in stock, farm and home products promises to be varied and numerous. Tuesday, the first day of the fair, all school children will be admitted free.

Misses Mary Brown and Mabel Reed spent yesterday visiting with relatives and friends at Central City, Pa. Mr. and Mrs. James Phillips and daughters, Misses Eunice and Olive of Fairmont, W. Va., are visiting here for a week among relatives and friends. Mrs. Wilbur Derry of Salisbury, was calling on friends in Meyersdale on Saturday.

Mrs. Theresa Creps of Chambersburg, is here for a few weeks' visit with her sister, Miss Carrie Steinberger.

Dr. C. B. Large was at Hagerstown on Friday where he attended the annual meeting of the Western Maryland Railroad Surgeons' Association, held at that place.

"THE STORE WITH THE NEW STYLES FIRST"

Connellsville, Sept. 20 and 21, 1915.

STORE NEWS.

W. Main Street.

Five Dollars is a Very Little Price to Pay for Such Attractive Waists

—When one considers how new they are, how fascinating are their smart styles, and how beautifully they are finished.

—The price tags have just been placed, and it was with a wave of surprise our salespeople received instructions to make them out for \$5.00, for these waists looked like so much better values.

—Crepe de Chines and Pussy Willow Taffetas they are with some Georgette, Crepes and some pretty combinations of Crepe de Chine and Georgette. Have the combination high and low collars and long sleeves, Flesh, White, Navy, Black, and Brown are the colors.

October Weddings

—And other approaching social events will bring the need of finely engraved announcements, invitations, cards, etc., etc.

—At times like these when unusually good quality is absolutely necessary, this store is best prepared to fulfill every requirement.

—All orders left here for engraving work are promptly executed, and in the very best form. Prices are very reasonable.

—We have at all times an extensive stock of correct social stationery of the famous Elton, Crane, and Pike make. A grade to suit every purse.

An Advance Notice

—Of a demonstration, soon to be held in this store of Miss Dena toilet goods including Toilet Waters, Cold Cream, Face Cream, Hair Tonic, Lotions, and everything of a like nature. These goods are all imported from France, and are absolutely the highest class Toilet Goods ever shown in Connellsville.

Every School Boy Should Have One of These Serviceable Two Pants Suits

—They're serviceable. They're good looking. They're medium priced at \$4.00 to \$10.00, with an especially excellent value at \$7.50. They're just the suits you'll want your boy to wear.

—They are well made from very durable materials, and with all the style a young boy's suit should have. If you pay \$10, you get \$10 worth of value, and a lot thrown in to bring you back again.

—At \$7.50 the "Elk Junior" is unusually fine. Has 2 pairs of pants, and is made of guaranteed all wool, non-shrinkable material. Tailored with many exclusive features that save busy mothers much time and annoyance in mending. We can offer the same suit with one pair of pants for \$5.00. Also a very fine assortment of boys' lined pants at 50c.

One More Step Forward

—In the progressive policy of this store was taken when we sent Miss O'Connor, our corsetiere, to the Gossard Training School in New York.

—This store strives to give the best possible service at all times, and this season our Corset Department will render service equal to that rendered by any store in the United States.

—Our Miss O'Connor has taken the post-graduate training at the Gossard Training School, New York, and has returned with her diploma, and with the latest information regarding Fall Fashions as they pertain to corsets and to other wearing apparel.

—Even though you spend only \$2.00 or \$3.00 for your corset, you will receive the same scientific fitting service as you would if you were selecting a \$10.00 model.

—It will be interesting for the women of Connellsville and surrounding territory to visit Miss O'Connor and discuss with her the new things she learned about corsets for fall. Wright-Metzler corsets have always been good. This fall the models are the finest we have ever seen, and we predict a very large following for them in this community. Many new and attractive models are now here for your trial fitting.

—Correct Corsets for every living type of figure at \$2.00, \$3.50, \$5.00 and up. Every fitting guaranteed. Every fitting by a graduate corsetiere.

Every Wednesday in the Art Needlework Department

—Every Wednesday from now on, Mrs. Bertha Morrison will be in our Art Needlework Department, and will be at the service of our patrons.

—Mrs. Morrison is an expert needleworker herself, and does stamping very skillfully. She keeps in very close touch with all of the new ideas, and will be ready to teach the new stitches as rapidly as they come out.

CELEBRATION PLANS

Dunbar Committees Meet to Prepare for Home Week.

Committees met at Dunbar Friday night to perfect details for the big Home Week celebration to be observed there early next month to celebrate the blowing in of the second stack of the American Manganese Manufacturing Company.

The feature of the three-day celebration will be the baseball contests between Dunbar and Collier. Through the efforts of Antonio Bufano, Jack Quinn, the Federal League star and former Dunbar boy, will pitch for Dunbar, while "Bugs" Braithwood, soon to become a Federal leaguer, will work for Collier. There will be enough at stake to make the games hard fought.

The athletic events will include an automobile race and other sports. This program is to be particularly attractive.

Dunbar is to be brilliantly decorated. Homes and business places will not be sparing with bunting, while 5,000 electric lights will be strung along the main street.

An invitation will be extended to all former Dunbar residents to return for the celebration. It is expected that scores of them will accept.

As an incentive to the youngsters and others to participate, it has been decided to hide a \$5 gold piece within a certain territory, the finder to keep it.
